

A stylized illustration of a cityscape. In the foreground, a black bridge with a white railing spans across the frame. Below the bridge, a road with a yellow dashed line curves towards the right. In the background, a city skyline is depicted with various building shapes. Some buildings are solid black, while others are filled with a grey grid pattern. Two yellow rectangular blocks are positioned on the left and right sides of the skyline. Two black streetlights are visible, one on the left and one on the right, both with their poles extending upwards.
